HOLIDAYS

For every holiday, the Ambassadeurs at Le Carrousel create many original activities for children of the Maison to enjoy in a fun and festive atmosphere!

Christmas

Children prepare for Christmas by creating sparkling decorations to light up the tree at Le Carrousel. Baubles and garlands adorn the tree with a thousand colours, whilst the traditional star is hoisted to the top on Christmas Day.

On Christmas Eve, children create fun masks of reindeer or snow elves, and dress up for the arrival of Santa Claus. Bundled up, children scamper outside to sing and celebrate the coming of Santa who will lead them to the entrance lounge where, under the tree, gifts await children as a reward for their good behaviour during the year. Santa gives gifts to each child before traditional photographs are taken for all to keep as a lovely souvenir of this magical day.

And, for a few more days, the magic of Christmas will go on with numerous festive-themed workshops.

HOLIDAYS

New Year

Children will also get dressed up to celebrate the New Year at Le Carrousel. Their programme for the night will feature crafting paper sky lanterns that will be launched in the starry sky of Courchevel, bearing the wish of every little creator for a 2018 filled with poetry. Accompanied by the Ambassadeurs, the children will also design sweet greeting cards to wish their relatives a Happy New Year.

The Twelfth Night cake

At tea time, the children will crown the King and Queen over a Galette des Neiges, prepared specially for the occasion. They will then transform themselves into princesses and knights of olden times.

Easter

Le Carrousel has prepared many creative and colourful workshops for Easter: making baskets for the Egg Hunt, decorating eggs with springtime patterns and creating paper egg cups. Everything is ready for the arrival of the Easter bunny!

On Easter Sunday, children will discover bunnies and chicks from the spring farm at the entrance hall. They will then be taken to the terrace to fill their baskets with chocolates hidden by the Easter bunny. The party will continue at Le Bar over a hearty and delicious afternoon tea with the accompaniment of joyful and groovy live music.

BESPOKE BIRTHDAY PARTY

A colourful setting, refreshments and cakes are specially prepared to match the theme of your choice for your child to spend an unforgettable time with their friends. We ask you to please book this bespoke birthday party at least 72 hours in advance.

TEENAGERS

LE PADDOCK, LOUNGE FOR TEENS

Cheval Blanc Courchevel has specially designed a cocoon-shaped area for teenagers made of wood and felt with futuristic accents, and equipped with the latest technologies.

It hosts a made-to-measure table-football table, a fun interactive dance floor and more. On request, Le Paddock can be transformed into a private screening room where our young guests can settle in comfortable sofas specially designed for Cheval Blanc to view their favourite films.

Le Paddock is open every day from 9:00 am to 8:00 pm.

ACTIVITIES FOR TEENS

Teenagers are welcome to discover the pleasures of skiing on the playground of the Trois Vallées.

Many lessons are offered for them to learn or improve their skills in downhill skiing, cross-country skiing or snowboarding, under the supervision of certified instructors from ESF, the national French ski school.

The boldest may be tempted by an initiation to the extreme sensations of freestyle skiing, or else by a first experience of hang gliding from the La Saulire mountain top.

Contests and races are amongst the many challenges teenagers will address on the official tracks and stadiums of Courchevel, alongside their experienced instructors.

For an unforgettable experience, they can also compete in the famous Slalom Hublot, organised every year by Cheval Blanc Courchevel.

The film collection includes timeless youth classics such as *Frozen*, *Home Alone*, *The Nightmare Before Christmas*, *It's a Wonderful Life* or *Miracle on 34th Street* to name but a few.

And, for an evening to remember, children are given the possibility to live the experience by dressing up with an Ambassadeur of Le Carrousel and holding a Cheval Blanc plush horse in their arms.

BUILDING YOUR OWN SNOWMAN

Le Carrousel invites you for a creative afternoon, meeting up on the snow in front of Cheval Blanc Courchevel.

An Ambassadeur from Le Carrousel will be present to equip your child with a "Snowman" toolkit created by Cheval Blanc, so you have all the necessary accessories to build the perfect snowman.

A dedicated photographer will capture this magical afternoon's family event during a private photo shoot in the snow. The afternoon will continue as you settle comfortably around your snowman, enjoying a lavish snack created by our pastry chef along, of course, with the Maison's signature hot chocolate.

DOG SLEDDING ADVENTURE

Cheval Blanc invites you to embark on an exceptional family adventure with sledge dogs through the snowy forest.

Ready for adventure, the snow dogs impatiently await at the front of the Maison. Children can get to know your guides of the day thanks to the ID card of the alpha dog, a sweet Siberian Husky. The ride glides guests through spectacular mountain scenery, giving you a chance of discovering Courchevel in a new light. Halfway along the road, the dog master will stop for a relaxing break and a few privileged moments with his faithful companions.

Upon your return to the Maison, a signature hot chocolate will be served at the Ski Service area whilst your Majordome gives children a sweet husky teddy created by the WWF association, that contributes to the protection of their natural habitat.

PICNIC ON A MOUNTAIN TOP

Cheval Blanc Courchevel invites you on a unique culinary experience, designed specially for gourmet lovers in search of a dash of adventure and a change of scenery.

Your Majordome follows you during a carriage ride through the village of Courchevel. Once you get to the slopes, the Majordome will create a comfortable setting for you to enjoy a gourmet picnic prepared by the Maison's chef and served in charming wicker baskets. Children can dine and play in the snow, wrapped up in their soft cashmere Cheval Blanc scarves.

STAR GAZING AS A FAMILY

Presented as a family activity, star gazing at Cheval Blanc Courchevel is a magical moment to be shared.

Weather permitting, an observation lounge is organised on your private terrace: furs, blankets and pillows are harmoniously arranged on the ground to create a warm and welcoming space. You are then set to gaze at the stars as a family, thanks to the map of the sky prepared by your Majordome. Hot chocolate for children and cidre with spices for adults are generously served, whilst your Majordome guides you, identifying the different constellations.

Back inside, starry biscuits are served, gourmet nods to this magical evening, and children are gifted an adopted star just for the occasion.

PHOTO SAFARI IN SNOWSHOES

In the company of a talented photographer specialising in mountain shooting, discover the resort of Courchevel from an entirely new perspective during a safari-like walk in the mountains.

Stomping in snowshoes along a route specially designed to capture moments from stunning points of view, absorb and enjoy the beauty of the snowy landscapes before posing for an improvised family photo shoot.

Your guide will also teach you how to recognise the mountain peaks around Courchevel, and spot the tracks of animals hidden in the forest.

At the end of the day, share a delicious snack in the private screening room and discover the photographs taken during the day on the big screen.

IGLOO KAPLA ATELIER

The Ambassadeurs at Le Carrousel welcome children to build a traditional igloo using Kapla blocks with their parents.

Using the charming building blocks, and with the help of Le Carrousel team, dive into the eskimo world and spend a fun-filled time with your family at Le Paddock or in the privacy of your room.

The adventure goes on with a dressing-up session where kids transform into eskimos. Dressed in warm fur parkas and traditional hats, children can nibble on chocolate bears whilst adults discover the Elixir Grand Soir cocktail for a moment of relaxation.

PASTRY ATELIER

Courchevel welcomes its family guests for a private pastry-making course with the chefs of the Maison.

Based on the theme of chocolate, the chefs adapt to suit the wishes of each guest. Wearing a chef's jacket embroidered with the colours of Cheval Blanc, the pastry apprentices carry out four-handed recipes with the chef.

After the course, little guests are invited for a gourmet snack to taste their delicious creations fresh out of the oven.

BATH TIME

After a day on the slopes with your children, Cheval Blanc offers a bath ritual to completely unwind.

The bath is animated with a scented effervescent ball – "Sakura" for girls and "Rocket Science" for boys. Once in the bathtub, your children enter a fantastic world with mermaids and pirate figurines and an assortment of bespoke Cheval Blanc shower gels for kids.

After the bath, each child can slip into a plush Cheval Blanc bathrobe and settle comfortably into their room's reading area. The book *Histoire de pirates, sirènes et îles au trésor* features five stories to read together to extend the experience, before tasting a room service dinner specially prepared by the Ambassadeurs of Carte Blanche.

SLEDGE RACING

The slopes of the Jardin Alpin are ideal to enjoy the pleasures of a sledge race, amidst cries of delight and laughter.

Your Majordome maps the route with authentic Nordic torches and awaits children on the finish line with a Cheval Blanc plush toy to reward them at the end of the race. Those with littler legs can enjoy tobogganing with their new friends whilst the Maison's photographer captures these unique moments on glossy paper for the entire family to view the next day.

For older children, the official Courchevel sledge track offers a more sporting trail that winds between the fir trees – a highly exciting circuit also accessible after dark.

In the foreground, a person's hands are visible, one holding a small object. The table is covered with a variety of colorful candies, including round ones in blue, yellow, red, and green, and some shaped like caterpillars. A red box in the bottom right corner contains several bright green apples. A red flower-shaped decoration is also visible on the table. The text "FOR THE LITTLE ONES" is overlaid on the right side of the image, underlined.
